YOUTH SUMMIT

 RockTeen.org

The RockTeen Youth Summit in collaboration with Stomp Wars, is a "Problem Solver" which is **Transforming** thousands of youth all over the world into "**Change Agents**". It's a positive platform used as a tool for our youth to tell and OWN their stories. Stomp Wars will continue to inspire youth to stomp down the negative barriers that plague our communities and build new positive futures through education and the art of stepping.

We are closing the opportunity gap while strengthening **Social & Emotional Well-Being** in our future leaders, and creating **College & Career pathways**. Over the years, the focus of Stomp Wars has expanded to add workshop sessions to implement **Financial Literacy** education and engage our youth to consider careers in **STEAM** and other fields.

The RockTeen Youth Summit is an opportunity to invite students to an interactive event that will focus on student leadership, community building, cultural competency and networking.

ROCKTEEN YOUTH SUMMIT ACTIVATION:

- College Readiness Immersion
- Financial Literacy Programming
- Leadership Simulation exercises designed to identify their own core leadership strengths
